

# Coffee Grinders

## Model T

Model T grinders have polished stainless steel case and is ideally suited to the Fracino Bambino coffee machines.

The Model T grinder is operated manually by an on/off switch. The Model T grinder has adjustable grinding blades and coffee portion control. Coffee is dispensed into the filter holders by means of a flick lever mechanism.

Model	Height (mm)	Width (mm)	Depth (mm)	Hopper Capacity	Dispenser Capacity	Motor HP/RPM	Weight (kg)
T (manual)	560	180	290	1 kg	600g	0.4/1300	13 kg

All grinders require a 13 amp socket.

## Optional Extras

### 1. The Giant Filter Holder

The Fracino Giant Filter holder is an optional extra and produces sufficient coffee for 6 shots (48g) of espresso or 1 litre (approx.) of filter coffee for bulk brewing.

### 2. Rapido Super Frother

No fuss, no waste, the Rapido creates the perfect frothy cappuccino coffee. This milk frother sucks up, heats and foams the milk straight from a container directly into the cup for ease of operation.

### 3. Knock Out Drawers

Drawers available for under coffee machine in 1, 2 or 3 group sizes. Under counter and under grinder drawers also available.

## Fracino BAMBINO

Fracino are pleased to announce the introduction of the eye-catching and compact Bambino coffee machine. The Bambino provides a top quality 1 or 2 group coffee machine with semi-automatic or electronic options and is exceptional value for money. It is an excellent opportunity for bespoke branding from the UK's only manufacturer of espresso and cappuccino coffee machines.

The Bambino is the latest addition to the Fracino family and benefits from all the world-class skills, innovative design and state of the art production methods from this world-renowned manufacturer. Coupled with a model T grinder and the economy knock-out drawer the Bambino will make a stunning addition to any bar, restaurant or coffee shop for a surprisingly low level of investment.
