

Piccino Grinder

The extensive range of Fracino grinders ensures that every freshly ground coffee requirement can be met: from the finest creamy espresso to the cafetiere and from filter coffee to the connoisseur selection. All Fracino grinders are manufactured from the highest quality materials to exacting standards, enabling optimum grinding of any coffee type.

This Piccino grinder is available in Black ABS, Black aluminium and highly polished aluminium. It will deliver coffee on demand whilst the button is depressed by the filter holder and has a grinder blade adjustment mechanism so coffee beans can be ground with precision and accuracy.

Come Home to Real Coffee.

Fracino is the UK's only manufacturer of traditional espresso and cappuccino coffee machines. Our coffee machines are used to serve great coffees in coffee shops, restaurants, hotels and snack bars around the world.

We are now introducing the PICCINO coffee machine to bring the taste of real coffee into your home with a stylish and easy to use espresso coffee machine.

The PICCINO is compact and sturdy – a brilliantly manufactured coffee machine incorporating all the engineering skills and expertise behind the Fracino brand. Installation is quick and easy and its construction using stainless steel will enable you to use it for many years to come.

It will make two coffees at the same time and has the ability to froth milk and make coffee simultaneously. Up to 50 espresso coffees can be made per hour making the PICCINO one of the fastest coffee machines for the home market.
